

The background features a series of thin, light gray lines forming a zigzag pattern that extends from the top right towards the center. In the bottom right corner, there is a large, solid red parallelogram.

Flexo[®]metal

STEEL SOLUTIONS

OUR COMPANY

Flexometal is a Mexican Company dedicated to **produce Carbon Steel as welded tubes** under the ASTM A 513 norm.

Started operations in 2004 aiming to service a growing demand of steel tubular products in the western Mexico area, focusing on quality and personalized attention to satisfy our customer's needs, up to date Flexometal generates more than 180 jobs.

Our core products are As Welded ERW Carbon Steel tubes on different shapes, **round, square, rectangular, hexagonal, oval and structural profiles**, both in Hot and Cold Roll steel and also in coated galvanized carbon steel. As an added value Flexometal has chrome and zinc plated capabilities.

MISSION

To develop steel solutions that create value for our clients and collaborators, working with passion, generating highly committed relationships, ensuring profitability and social well-being.

VISION

Being a self-directed team that generates high-value solutions, with processes that guarantee trust in our clients and the well-being of our collaborators, maximizing the profitability of the company, through a culture of continuous improvement.

QUALITY POLITICS

Flexometal establishes the commitment to **provide solutions** in steel to achieve the **satisfaction** of its customers based on the **improvement** of the **quality of its processes** and **competitive people** at all levels, to meet their requirements, through the **effectiveness of a management** system of the agile quality and continuous improvement

OUR VALUES

Honesty

Be **consistent** in acting, with yourself.

Passion

Give my best / **Commit** myself in everything I do.

Loyalty

Loyalty and **appreciation to the organization**, as well as myself.

Openness

Remove prejudices to know how to **listen and communicate**.

Respect

Treat myself and people with **dignity**.

Effectiveness

Having the ability to **achieve the objectives**, in the best way and in the established times.

Teamwork

Achieve the **execution of the solutions** proposed in the same approach.

Responsability

Compliance with obligations in a timely manner.

INSTALLED CAPACITY

SLITTING

2 Slitters with 4,500
MT/Month

TUBE FORMING

4 Tube ERW Mills with
4,000 MT/Month

PROFILE ROLLER FORMER

1 Open profile Mill with 100
MT/Month

CERTIFICATIONS

PHYSICAL IMPROVEMENTS

As an added value we have done a series of process improvements at our facility in order to achieve our Customer 's high quality standards.

DOCUMENTARY ENHACEMENTS

Based on the ISO 9001 : 2015 Quality Standards our Quality System allows Flexometal total control to avoid potential failures on our final products.

IT IMPROVEMENTS

For an excellent management control, product traceability and a solid platform for growth we have integrated to our daily operations the SAP software

CLOSE TO YOU

Our plant is located within Guadalajara's metropolitan area, at Jalisco, Mexico.

Our Distribution Center is at Guadalajara city suburbs, **working 24/7 we deliver on time every single product request from our Customers,** exceptional service is our commitment.

GROWTH

Searching total satisfaction of our current and future customers we are in building a new facility to service industrial application products, we will set a brand new tube mill, slitter and cut to length equipments offering high specification tubular solutions.

This facility will increase our production capacity with additional 35,000 metric tons per year.

OUR CUSTOMERS

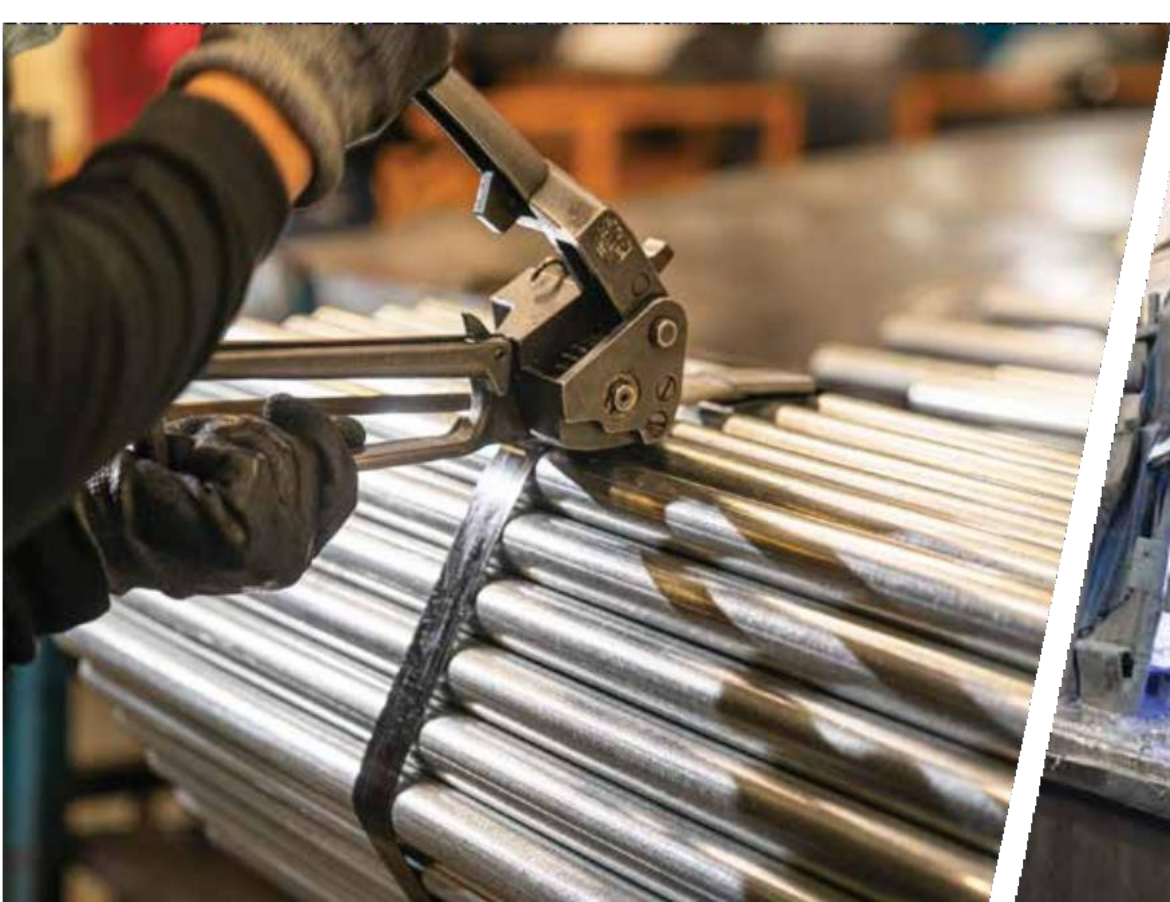

Throughout our history we have developed tubular products for several industries such as furniture, recreational, fencing, green housing and automotive among others. Flexometal offers **the best service choice to the market.**
