Stock & Capacity

Thanks to our logistical efficiency and low cost, we have the largest stock of magnets in Mexico, which allows us to make a difference in our delivery times and respond to the most important projects in the Industry.

Our acquisitions in 2021 were for **3.5 million magnets** in 32 purchase orders, with a sale of 87% of the inventory.

In 2022, our acquisitions were for **3.8 million magnets** (7% more than in 2021) in 22 purchase orders, with a sale of 92% of the inventory.

In 2023, we will increase our purchases by 9% in just 12 purchase orders, consolidating Magnetika Saiffe as the company with the largest stock of magnets in Mexico.

In The World

It is thanks to our service capacity that we can export our magnetic applications and become suppliers to the industry, not only in Mexico but also in America.

- USA
- Honduras
- Ecuador
- Brazil
- Canada
- Costa Rica
- Colombia
- Europe

It is thanks to our magnetic experience and that we are a 100% Mexican company, that large companies have approached us to be their direct suppliers, confident in our inventories and logistics delivery times.

It's for this reason that Magnetika Saiffe seeks to do synergy with magnet manufacturers to support inventories and logistics times, in order to satisfy the needs of our customers.

Welcome to a world of
magnetic benefits

A vertical wooden post is centered in the frame, extending from the top to the bottom. From the bottom of the post, a large, dense bundle of dried seaweed hangs down, its fronds reaching towards the bottom edge of the image. The background is a solid, vibrant orange color. The text "Welcome to a world of magnetic benefits" is overlaid in white, centered horizontally and positioned in the upper half of the image. The word "magnetic" is underlined.
