

**2024**  
Business Profile

WE ARE ZENCASE

## Business Consulting in Law and Cybersecurity

### About Us

We are a **leading company** recognized for our experience and ability to face the most complex legal and technological challenges.

**We understand law and technology to offer you innovative solutions tailored to your company or organization.**

Our priority is to protect your interests, which is why we are synonymous with trust and security for each of our clients.

### Our Services

Our priority is to protect your interests, which is why we are synonymous with trust and security for each of our clients.

#### Law

Legal expertise that protects your interests and supports you every step of the way.

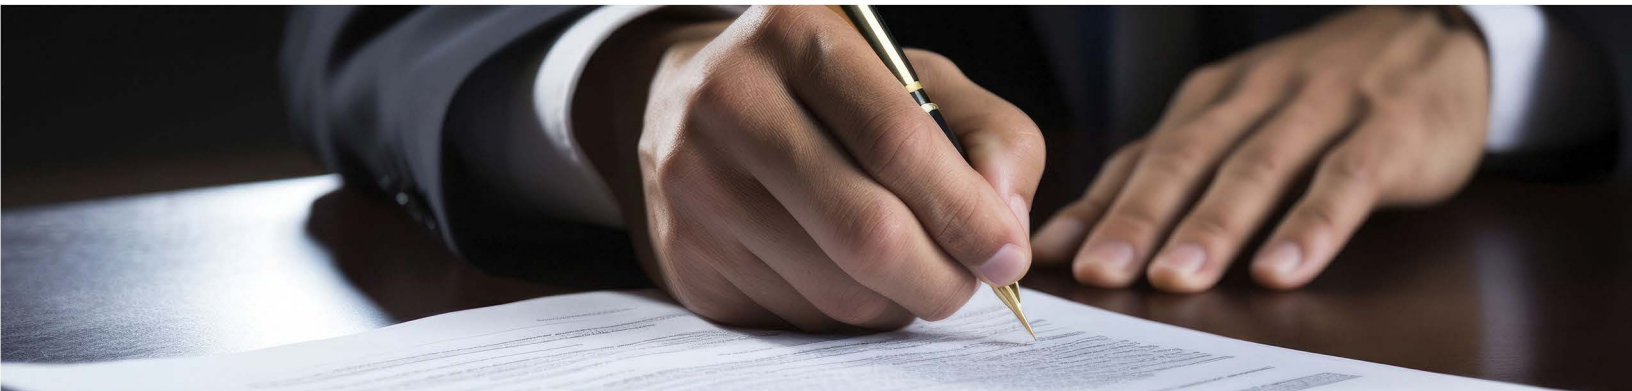

#### Cybersecurity

Advanced solutions to protect your assets in the digital world.

# Law

## Labor Law

- Labor Legal Compliance
- Legal Representation
- Human Resources Training

Thanks to our **extensive knowledge** of labor regulations, we can provide your company or organization with **strong legal representation** that helps mitigate risks with employees and the **Mexico's Labor Department** to protect your business interests.

## Digital Law

We offer **specialized services** to address the legal challenges in an ever-evolving digital world. With **Zencase** by your side, your company can achieve **robust and strategic solutions** to protect your interests and maximize your company's potential in the current digital environment.

## Data Protection and Privacy

Our team of **data protection** and privacy experts will help safeguard your company's information. Our approach is based on a comprehensive vulnerability assessment and the design of corporate policies to help **comply with data protection laws**.

## Information Security

In the digital era, **protecting your company's information** is essential. That's why our team of experts will help you assess risks, **implement preventive measures**, and provide customized solutions to **defend your company** against numerous digital threats.

## Sports Legal Advisory

Our team of experts is dedicated to providing strategic legal solutions to face the unique challenges of the sports industry. We are committed to **providing the necessary legal support** to ensure the success and protection of our clients' interests in the sports world.

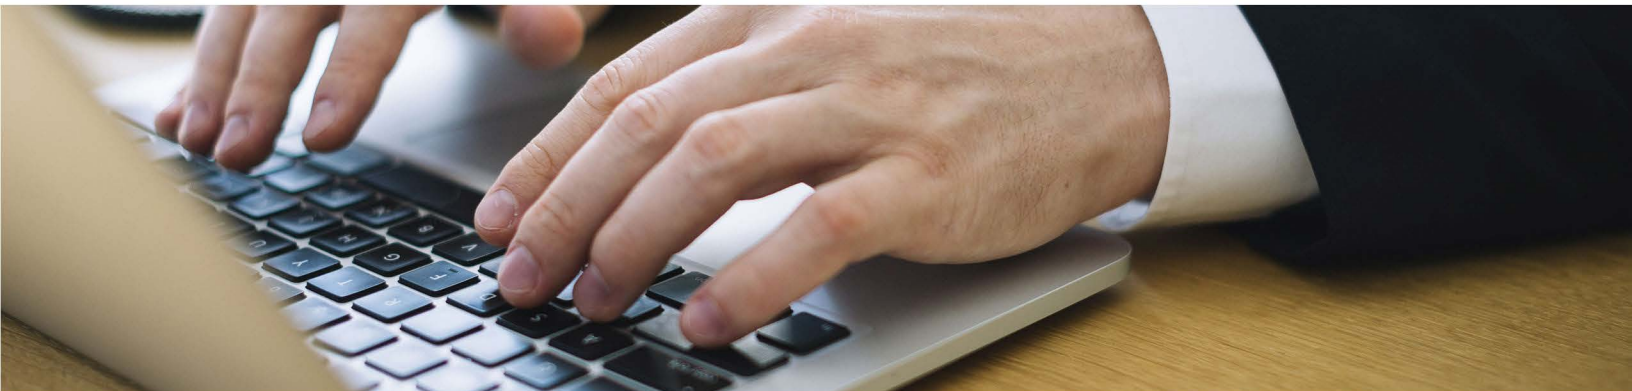

## Tax

At Zencase, we will help your company face tax challenges and opportunities. Our team of experts is prepared to offer strategic advice and **maximize the tax efficiency of your business**. Our experience and knowledge will allow your company to **comply** with the tax demands of an ever-changing environment.

## Debt Recovery

We specialize in **B2B** (Business to Business), **B2C** (Business to Consumer), and G2E (Government to Enterprise) Debt Recovery. We implement effective strategies to recover outstanding debts, ensuring cash flow optimization and preserving business relationships.

# Cybersecurity

## 360° Cybersecurity

Our 360° approach addresses all dimensions of online protection. Our specialized team offers a wide range of services to strengthen cybersecurity. With Zencase, your company will be protected against current and future cyber threats.

- Red Team
- Vulnerability Assessment
- Disaster Recovery Plan
- ISO 27001 ISMS
- PCI-DSS Consulting
- Digital Evidence Collection, Acquisition, Preservation, Analysis, and Presentation (Forensics)
- Strategic Decision-Making Exercises
- Training

## Cyber Intelligence

- Footprint
- Cyber Patrol
- Cyber Intelligence Service
- Counterintelligence

Your company will be ready to protect its assets and maintain a competitive advantage in the digital world. The use of a strategic approach and advanced tools allows us to provide you with the information and support needed to confidently face any cyber threat.

## Hardware and Software

- Sale of Specialized Equipment
- Electronic Countermeasures
- Advanced Digital Countermeasures

With Zencase, your company will be ready to protect its assets and maintain a competitive advantage in the digital world. The use of a strategic approach and advanced tools allows us to provide you with the information and support needed to confidently face any cyber threat.

## Security Operations Center (SOC)

A comprehensive solution designed to give you peace of mind in a dynamic and challenging digital environment.
